FUEL DISPENSER

ENCORE®

FUEL DISPENSER

As the market leader in retail fueling dispensers, Gilbarco Veeder-Root custom builds each and every fuel dispenser to deliver unmatched reliability and a familiar experience for consumers at the pump. In addition to the broad model assortment, Encore dispensers go through extended life cycle testing to ensure all fueling positions are operating as they should, 24/7/365.

On top of the quality performance, Encore also offers first-class blending with its precise blend control software and hydraulics that are designed to hit and hold target blend ratios, regardless of site conditions.

Encore's family of dispensers also provides a variety of options to deliver media while fueling, ultimately driving foot traffic in-store.

Encore is just one part of the full site solution that Gilbarco offers. From the forecourt, to the c-store, to underground or in the cloud, we have the product for you along with a seamless integration across all.

If you're looking to freshen up your forecourt with the latest in fueling technology, Gilbarco has the perfect solution for your c-store. Perfect solution for your c-store.

ENCORE[®] 500 S

FUEL DISPENSER

Can new dispensers generate new profit? When you choose the Encore family from Gilbarco Veeder-Root, they can. Whether you're looking for a fresh look, the highest reliability, a better flexible fuel offering, or a whole new way to market your brand, Encore has what you're looking for.

As the technology leader, we've designed the Encore family to grow with you. So no matter which model you choose, your investment will keep paying off for years to come.

Dispensing more than just fuel.

Gilbarco is redefining the forecourt with the Encore S, a Web-enabled dispenser that offers more of what matters in your world. Available in full color, it delivers improved margins, increased loyalty, and smoother operation—today and in the years to come.

Unmatched environmental protection

- Flexible fuel option offers integrated dispensing for alternative fuels, including biodiesel and E85

Advanced security and payment options

- Better physical fuel protection from a PIN-protected operator keypad, optional meter collar, door entry detection and a variety of cabinet locking options
- Better payment security options, including a secure card reader,

an encrypting keypad, full PCI and EMV-certified CRINDs

- More payment options, including RFID contactless payment and cash acceptors.

Superior design and durability

- Easy installation, with a roomy hydraulics cabinet and no below-grade access required
- Superior usability, with a reliable, positive feedback grade selects, angled hose outlet castings and ergonomic nozzle boots
- Superior durability, with a best-in-industry corrosion resistance, solid metal frame and sheathing with automotive-quality coatings, and a high-quality PPU lens

Behind every successful forecourt
